Lab 5: Static Code Analysis

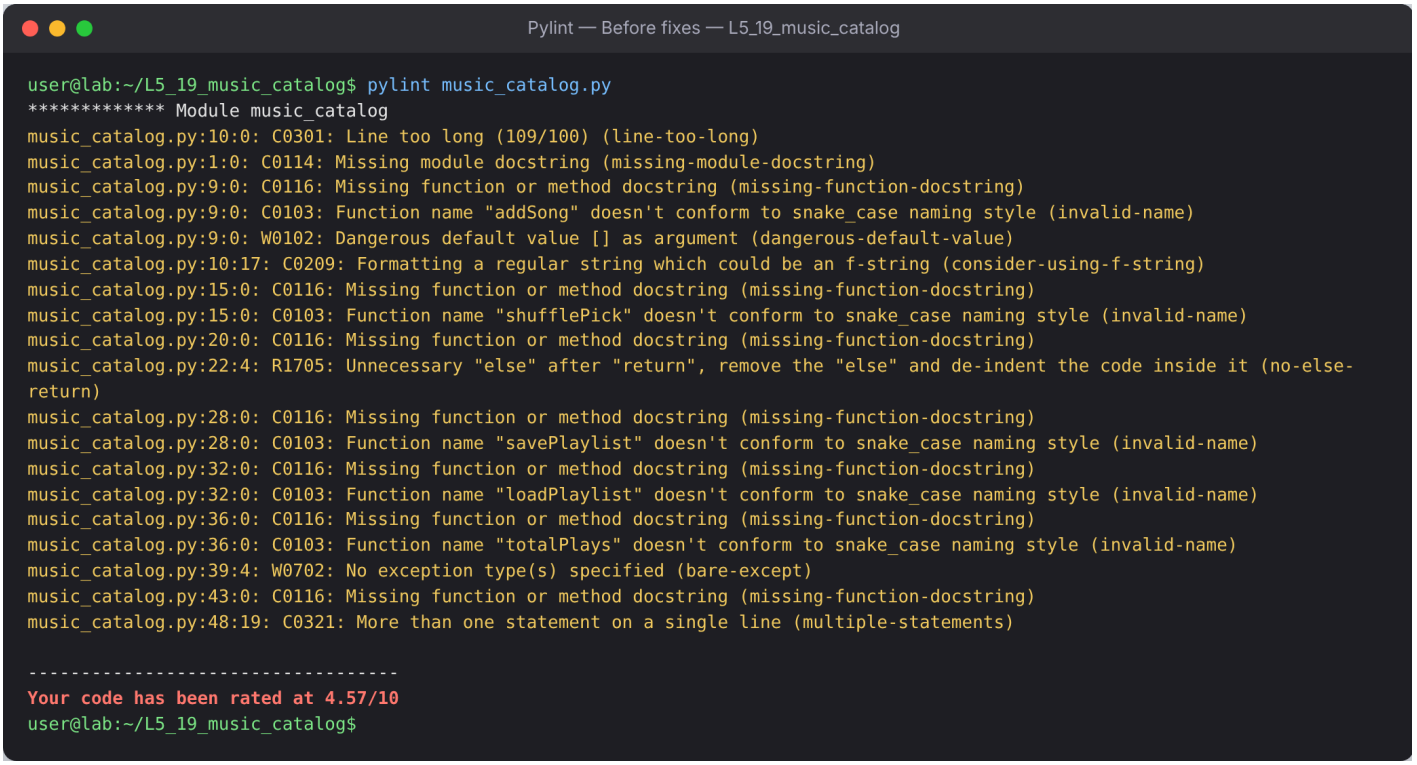

Music Catalog and Playlist Manager (`music_catalog.py`)

Output of Pylint, Bandit and Flake8, before and after the fixes.

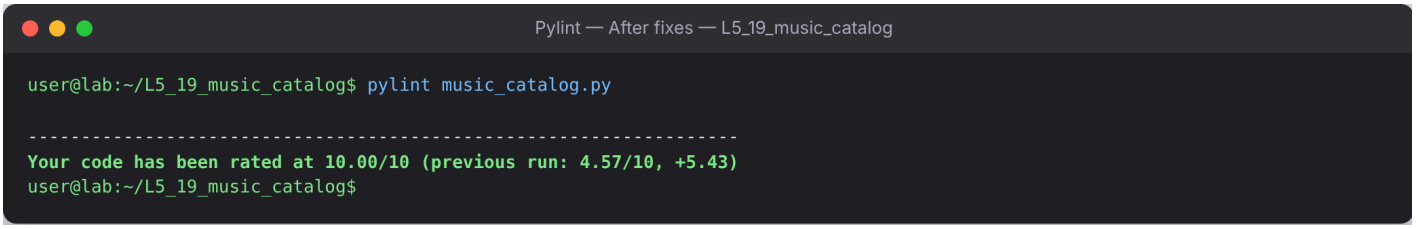

Tool	Before	After
Pylint	4.57/10 (19 messages)	10.00/10 (0 messages)
Bandit	4 issues (2 Medium, 2 Low)	0 issues
Flake8	7 issues	0 issues (no output)

Flake8 prints nothing when the code is clean, so the "after" screenshot shows only the command and the next prompt.
